**NOTICE OF PROPOSED RULE MAKING****Adopted: May 5, 1999****; Released: May 14, 1999****Comment Date: July 6, 1999****Reply Comment Date: July 21, 1999**

By the Chief, Allocations Branch:

1. Before the Commission for consideration is a multiple docket Notice of Proposed Rule Making setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket Notice of Proposed Rule Making issued in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single Notice of Proposed Rule Making. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

**Proposal:** Allot Channel 256A to Pleasant Dale, Nebraska, as the community's first local aural service.

**Community****Present****Proposed**

Pleasant Dale, Nebraska

--

256A

**Coordinates** 40-51-25 NL and 96-55-37 WL

**Additional Information:** This allotment requires a site restriction of 7.3 kilometers (4.5 miles) north to avoid a short-spacing to 7.3 kilometers (4.5 miles) north to avoid a short-spacing to Station KUTT, Channel 258C1, Fairbury, Nebraska. Section 307(b) of the Communications Act of 1934, as amended, mandates that the Commission fairly, equitably, and efficiently distribute frequencies " . . . among the several States and communities." The Commission has defined "communities" as geographically identifiable population groupings. Generally, if a community is incorporated or is listed in the U.S. Census, that is sufficient to satisfy its status. Absent such recognizable community factors, the proponent of a channel allotment must demonstrate the place to be a geographically identifiable population grouping. Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88, 101 (1982). Although the proponent of the allotment does not need to show that the borders of the locality are precisely delineated, it must show that residents of the locality are commonly regarded as a distinct group. This can be proven by the testimony of local residents or by objective or subjective evidence indicating the existence of a community. Beacon Broadcasting, 2 FCC Rcd 3469 (1987), aff'd, 2 FCC Rcd 7562 (1987). Some examples of objective indications of community status include the existence of political, social, economic, commercial, cultural or religious organizations and services in the community. See Kenansville, Florida, 5 FCC Rcd 2663 (Policy & Rules Div. 1990), aff'd 10 FCC Rcd 9831 (1995). We do recognize that Pleasant Dale is listed as a village in the 1990 U.S. Census, and attributed with a population of 253 people. However, we may find that a population grouping of 253 people does not constitute a community for allotment purposes where the community may be devoid of the customary factors associated with determining community status, such as a library, schools, shopping centers, churches, a newspaper and social and civic organizations. See, Searles Valley, CA, 3 FCC Rcd 5221 (1988). In past cases, we have rejected claims of community status where a nexus has not been shown between the political, social and commercial organizations and the community in question. Therefore, petitioner is requested to present the Commission with specific information to demonstrate that Pleasant Dale has the social, economic and governmental indicia to qualify it as a community for allotment purposes. See, Gretna, Marianna, Quincy and Tallahassee, Florida, 6 FCC Rcd 633 (1991) and cases cited therein. Petitioner should show that the organizations, civic groups, etc., have a nexus with Pleasant Dale. Failure to provide the requested information will result in a denial of the proposal.
